**14<sup>th</sup> International Workshop for Young Scientists  
(BioPhys Spring 2015)**

May 27-29, 2015, Gödöllő, Hungary

On behalf of the Scientific Board of the "BioPhys Spring" Workshop series it is a great pleasure to invite you to take part in the 14<sup>th</sup> International Workshop for Young Scientists (BioPhys Spring 2015) to be held at Gödöllő, Hungary on May 27-29, 2015.

The meeting will continue the strong tradition of previous workshops focusing on the training of young researchers and exchange of professional experience in physics applied to biological, agricultural and food systems.

Young scientists are cordially invited to participate in the BPS 2015 Workshop and present their research results in application of physics to life sciences.

This is now a call to submit a two-page abstract of potential contributing papers falling into the Workshop topics. The abstracts of contributions will be published in the BPS 2015 Book of Abstracts volume.

Selected full papers can also be submitted for publication in the Mechanical Engineering Letters Journal.

The official language of the Workshop is English, no simultaneous translation will be provided.

The Workshop will be organized without registration fee.

It is my pleasure to invite you to spend a few days in friendly atmosphere between young people at Gödöllő, Hungary in May 2015.

The deadline of the abstract submission:

January 14, 2015

*Further information, please, contact:*

Prof. I. Farkas  
Chairman of the BPS 2015 Workshop  
Department of Physics and Process Control  
Institute for Environmental Engineering Systems  
Faculty of Mechanical Engineering
