

**Institute of Agrophysics,
Polish Academy of Sciences
together with
Warsaw University of Life Sciences**

cordially invite you to the VI Doctoral Students Conference titled

„Four Elements - Contemporary Problems in Life Sciences”

The Conference will take place on December 14, 2023, online on the ZOOM platform

The Conference is aimed at doctoral students conducting research in the field of agricultural, forestry, veterinary, natural and technical sciences
The aim of the event is to increase knowledge and exchange observations under the supervision of the experienced Scientific Council of the Conference

You are warmly welcome!

Participation in the Conference is free of charge

Applications forms and abstracts should be submitted by November 26, and December 3, 2023*, respectively, to the email address: samorzad.doktorantow@ipan.lublin.pl

The abstract template and the Conference regulations are available on the website of the Institute of Agrophysics, Polish Academy of Sciences, in the 'PhD studies - News' section.

Please, make sure to limit your presentation to 10±2 minutes.

Organizing Committee:
